ABOUT ME

Hi, my name is Lubna. I'm into the designing field from 2020 with great experience in the variety of design projects, where I mold myself learning various new concepts from each projects I worked on.

I'm still eager to learn more new design techniques to sow my creative knowledge and to reap my audience attraction.

HARD SKILLS

Currently Learning Animation Tools

PERSONAL INFO

I have started my Career as a Graphic Designer, and with my thirst of learning new things in the design field I learnt many new things and implemented them in my projects and was promoted as visual designer. I am seeking an opportunity to take the next step and sharpen my knowledge in the Designing field to achieve my career goals.

I am willing to learn new techniques and processes in design and also incorporate my existing skills and knowledge in my upcoming projects. In addition I would like to make my career more interesting by converting my creative ideas into fruitful results and to work in the competitive and challenging industry where all my efforts will be towards the growth and development of the organization.
